

HOW TO FOLD A PAPER BOAT

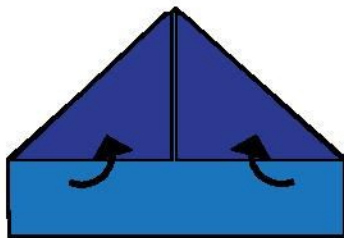

Start with green side up.

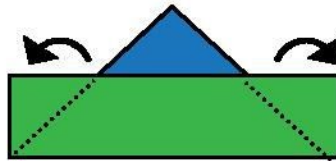

Fold paper in half downward.

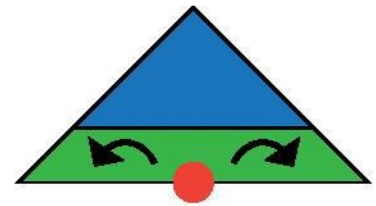

Fold top corners into center.

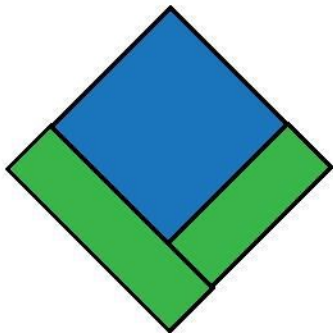

Fold bottom up to expose green paper. Flip and repeat on other side.

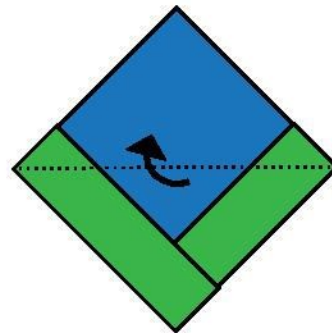

Tuck corners of green paper in. Flip and repeat on other side.

Place your fingers in the center of the green base (●) and pull open to create a diamond shape.

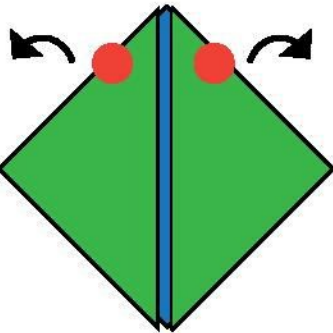

Place with green band at bottom.

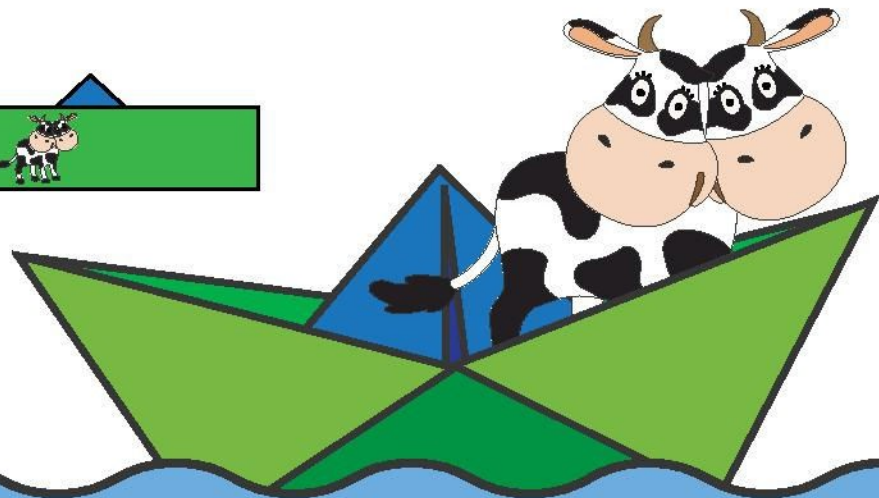

Fold top layer in half upward. Flip and repeat on other side.

Place your fingers in the center of the green base (●) and pull open to create a diamond shape.

Place your fingers at the top of the green triangles (●) and pull open.

Pull sides of boat out to create a 3D shape. Float as desired!
